Programme

We have a very exciting programme for 2014 with nationally and internationally respected speakers throughout the programme . Day 1 is centred primarily around management of Atrial Fibrillation and Day 2 Venous thrombo embolism. Key note speakers include: Dr Campbell Cowan, Chair of the NICE Guideline Development Group for Atrial Fibrillation and co-author of the GRASP-AF tool who will explore the barriers to reducing the risk of stroke in people with AF; and Professor Susan Kahn from Harvard University, the World's leading researcher in post thrombotic syndrome and venous thromboembolism.

Programme

Open all sections

Thursday 5th June

09.00 *Coffee and Registration*

Morning Session

09.30 Welcome and introductions

09.45 **Keynote speech**
Reducing the risk of stroke in Atrial Fibrillation: have we reached all the high risk patients?
Dr Campbell Cowan

10.30 Update on the NICE AF guidelines
Professor Richard Schilling

11.15 *Refreshment break*

11.45 Debate: This house believes that TTR is the best measure to decide on use of NOACs
For - Dr Henry Watson
Against - Dr Michael Norton

12.30 The use of modified computer-assisted strain gauge plthysmography (venometer 3) as an additional screening test for patients with suspected DVT
Dr Andrew Hughes

13.00 *Lunch and exhibition*

Afternoon Session

14.00 Impact of the new commissioning structure on anticoagulant services
Dr Duncan Jenkins

14.30 What should you do if someone has a bleed on an oral direct inhibitor?
Dr Henry Watson

15.15 Extending venous thromboembolism prophylaxis: the practicalities
Mrs Hayley Flavell

15.45 AiP and ACE update
Mrs Nicky Fleming and Mrs Eve Knight

16.15 Plenary and Close

Fridat 6th June

09.00 *Coffee and Registration*

Morning Session

09.30 Plenary
Post thrombotic syndrome: a clinical bombshell
Professor Susan Kahn

10.30 Route cause analysis of hospital associated VTE - what lessons have we learnt?
Dr Will Lester

10.45 *Refreshment break*

11.05 Commissioning a DVT / PE service in primary care

Mr Greg Fell

12.05 Pulmonary hypertension secondary to venous thrombembolism
Professor John Simpson

12.45 *Lunch and exhibition*

Afternoon Session

13.45 Prophylactic dosing of low molecular weight heparins in obese patients
Dr Jig Patel

14.15 Laboratory testing and the novel oral direct inhibitors
Dr Steve Kitchen

14.45 Case scenarios
Expert Panel

15.30 AIP Lifetime achievement award winner
Dr Steve Kitchen

16.00 Plenary and Close
