Posted on Friday 1st November 2013

The Birmingham Centre for Translation at the University of Birmingham is delighted to announce a range of AHRC-funded studentships for September 2014, through its involvement in the Midlands3Cities Doctoral Training Partnership.

Please note the events below 27 November and 2nd December 2013, and the **deadline of 9 January 2014**.

We will consider applications for PhD study in **all areas relevant to our own research (/research/activity/bct/research/index.aspx)** .

These scholarships are open to applicants from the EU, including the UK. They will enable the recipients to undertake meaningful and stimulating research under the guidance of a supportive and distinguished group of academics. To apply for funding, students must have applied for a place to study at the University of Birmingham and have already provided two academic references via the university's application system. The deadline for funding applications is 12 noon, Thursday 9 January 2014.
