Dr Siân Lax (/schools/cem/staff/profile.aspx?ReferenceId=24911)

Research Fellow

Cardiovascular and Respiratory Sciences

Siân Lax is a post-doctoral research fellow working in Doctor David Thickett's Lung Injury Group. Her current project involves understanding the role of glucocorticoids and Vitamin D in the severity and persistence of acute lung injury (ALI) using in vivo models of lung inflammation and injury. Her previous post-doctoral work involved elucidating the in vivo role of mesenchymal ...
