Electronic, Electrical and Computer Engineering project open day

Locations	Gisbert Kapp Building [G8]
Date(s)	Thursday 1st May 2014 (10:30-16:30)
Contact	If you have any queries please contact Carolyn Toney on 0121 414 4347 or email **c.toney@bham.ac.uk (mailto:c.toney@bham.ac.uk)** .
Download	**Add to Calendar (/schools/eece/news/eece-project-day.aspx?ical=true)**

Electronic, Electrical and Computer Engineering Research and Project Open Day

An event where students and staff showcase the internationally leading research within the department.

Final year MEng and BEng students will be presenting the results of their projects along with the 3rd year MEng students who have worked on group projects. A list of project titles is available:

- **BEng projects (pdf) (/Documents/college-eps/eece/ug/eece-projects.pdf)**
- **MEng projects (pdf) (/Documents/college-eps/eece/ug/EECE-MEng-project-list.pdf)**
- **MSc projects (pdf) (/Documents/college-eps/eece/ug/EECE-basic-projects.pdf)**

Please note these lists will be updated as and when more information becomes available.

If you are seeking to recruit students for graduate or placement positions you are welcome to approach them during the morning poster session (between 10.30 and 13.00) to talk about the opportunities you have. Students will be encouraged to have copies of their CV with them if they are looking for work.

We have recently reformed the Industrial Liaison Committee whose remit is to build on existing links with our industrial contacts as well as forging new partnerships with institutions and companies who are interested in the work we do here. Members of the Committee will be around during lunch and would welcome the opportunity to talk to you about their aims and objectives and discuss ways in which you could become involved.

Our annual Robot Races will take place from 2pm and you are more than welcome to join the fun by watching these.

Register for the Research and Project Open day (/schools/eece/news/EECE-project-day-registration.aspx) .
