The Mechanical Engineering degree programmes offered at Birmingham have scored highly in the National Student Survey (NSS). (/schools/mechanical-engineering/news/national-student-survey.aspx)

Mechanical Engineering student satisfaction at the University of Birmingham

Research grants/awards in Mechanical Engineering March-July 2014 (/schools/mechanical-engineering/news/research-grants-may-july-2014.aspx)

Find out more about our latest research successes between May and July 2014.

Industrial teaching collaboration in Mechanical Engineering (/schools/mechanical-engineering/news/Moog-Industrial-Collaboration.aspx)

Within the Mechanical Design B module offered to Year 3 Mechanical Engineering students Dr. Mozafar Saadat, Senior Lecturer and module co-ordinator, collaborated with Moog Controls Ltd, part of the global company Moog Aerospace in order to enrich the students' design learning experience by providing an industrially relevant case study and real-life engineering experience.

New machine tools from Mazak boost research collaboration and teaching in manufacturing (/schools/mechanical-engineering/news/Mazak-New-Equipment.aspx)

The School of Mechanical Engineering recently took delivery of two brand new, state-of-the-art machine tools from Yamazaki Mazak UK. The provision further strengthens the long established relationship between the University and Mazak, who already provide significant support to UBRacing.

Mechanical Engineering research grants/awards February 2014 (/schools/mechanical-engineering/news/research-grants-feb-2104.aspx)

The school has won in excess of £300,000 in research grants during the past few months.

Mechanical Engineering research grants/awards November 2013 (/schools/mechanical-engineering/news/research-grants-november-2013.aspx)

The school won in excess of £700,000 in research grants during November 2013.

Dr Haider Butt has been awarded the prestigious Philip Leverhulme Prize (/schools/mechanical-engineering/news/haider-butt-leverhulme-prize.aspx)

Dr Haider Butt has been awarded the prestigious Philip Leverhulme Prize by the Leverhulme Trust.

Mechanical Engineering research grants/awards September 2013 (/schools/mechanical-engineering/news/research-grants-september-2013.aspx)

The school won in excess of £900,000 in research grants during September 2013.

Engineering the beauty and efficiency of nature (/schools/mechanical-engineering/news/duc-pham-inaugural.aspx)

Professor Duc Pham, Chance Professor of Engineering and Head of School of Mechanical Engineering, unlocked nature's secrets at the Royal Academy of Engineering regional lecture at the MTC, Coventry, on 18 June.

Dr Athanasios Tsolakis wins £98,281 grant (/schools/mechanical-engineering/news/tsolakis-grant.aspx)

Dr Athanasios Tsolakis has won £98,281 from the Knowledge Transfer Partnerships for the project, KTP with Brandenburg (UK) Ltd – To develop Propane and Diesel catalytic burners to generate CO2 for attraction of insects.
