

## College of Medical and Dental Sciences

The College of Medical and Dental Sciences is a major international centre for research and education in medicine, medical sciences, dentistry and nursing. Bringing together healthcare-related research and education, the College consists of the following five schools: Cancer Sciences; Clinical and Experimental Medicine; Dentistry; Health and Population Sciences, and Immunity and Infection. The College provides an impressive portfolio of graduate entry, postgraduate taught and research programmes. Programmes at all levels are delivered by some of the UK's most respected clinicians and health professionals, providing you with the best possible learning experience. To find out more please visit: [www.birmingham.ac.uk/mds](http://www.birmingham.ac.uk/mds)  
We are also on Twitter (@unibirm\_MDS) and Facebook (collegemds)

# INTRODUCTION TO POSTGRADUATE STUDY IN THE COLLEGE OF MEDICAL AND DENTAL SCIENCES

As part of the Postgraduate Open Day the College of Medical and Dental Sciences will run a series of short talks aimed at recent graduates and final-year students who are trying to decide which programmes would suit their interests and career plans.

The set of short presentations will offer an introduction to the following programmes:

- MRes Biomedical Research: Integrative and Translational
- MRes Cancer Sciences
- MSc Musculoskeletal Ageing and Health
- MSc Pharmaceutical Enterprise
- PGDip Physician Associate Studies
- MSc Trauma Science

**The series of short presentations will take place 3.00–4.00pm.**  
Please come to the reception of the Medical School Building (B1).
