Dr Patricia Lalor (/staff/profiles/iandi/lalor-patricia.aspx)

Senior Lecturer

School of Immunity and Infection

Dr Lalor is a Senior Lecturer in **The Centre for Liver Research (/research/activity/mds/centres/liver/index.aspx)** with an interest in inflammation, endothelial biology and regulation of liver metabolism.

Trish has published over 50 research papers as well as reviews and book chapters in the fields of leucocyte recruitment, endothelial biology and liver disease. Her research has been supported by research grants ...

Dr David Lammas (/staff/profiles/iandi/lammas-david.aspx)

Senior Lecturer

School of Immunity and Infection

David Lammas is a senior lecturer in the Division of Immunity and Infection.

David has published over 60 research papers in scientific journals as well as reviews in the fields of Immunology and mycobacteriology. He has received major grants from the Wellcome Trust, BBSRC and the Medical Research Council.

Professor Peter Lane (/staff/profiles/iandi/lane-peter.aspx)

Professor Clinical Immunology

School of Immunity and Infection

Peter Lane is Professor of Clinical Immunology and a Theme Lead in the MRC Centre for Immune Regulation.

CD4 T cells play a pivotal role regulating both protective but also pathogenic immune responses. Peter Lane's research focuses cellular and molecular mechanisms that control the development of CD4 effector and memory T cells. Major grant funding comes ...

Dr Evaggelia Liaskou (/staff/profiles/iandi/liaskou-evaggelia.aspx)

Post-doctoral Research Fellow

School of Immunity and Infection

Dr Liaskou is a post-doctoral research fellow in the group of Dr Hirschfield, who aspires to establish herself independently as a scientist focused on T cell immunology in autoimmune liver diseases.

Evaggelia has published in high impact factor scientific journals as well as reviews in the field of liver cell immunology. Her research has been supported by research grants ...

Professor Janet Lord (/staff/profiles/iandi/lord-janet.aspx)

Professor of Immune Cell Biology, Head of School of Immunity & Infection
Director MRC-ARUK Centre for Musculoskeletal Ageing Research
Director of the Medawar Centre for Healthy Ageing Research

Janet Lord is director of the MRC-ARUK Centre for Musculoskeletal Ageing Research and the Medawar Centre for Healthy Ageing Research. She is also non-clincial lead for the University's Centre for Translational Inflammation Research located within the new Queen Elizabeth super Hospital which opened in the summer of 2011.

Janet's research focuses on the ...
