EPS Inaugural Lecture Series

The College of Engineering and Physical Sciences is running a series of Inaugural Lectures to showcase the leading scientists who are pushing the boundaries in their disciplines. The event marks an individual's promotion to Professor, but also provides a rare opportunity to hear first-hand about their research.

These events are open to the public, and free of charge. Please click on the below headings to learn more and register for the event.

Miss the lecture? Some of the lectures were recorded; follow the links to find out more.

Upcoming lectures

Atom Feed (http://w

Professor Andreas Freise's Inaugural Lecture (/university/colleges/eps/events/inaugural-lecture/Andreas-Freise-13-5.aspx)
Shining a Light on Black Holes

Professor Duncan Shepherd's Inaugural Lecture (/university/colleges/eps/events/inaugural-lecture/Duncan-Shepherd-27-5.aspx)
Mechanical Engineers - helping to keep the human body moving since 1847
