Set to care - enhancing compassionate care in practice: an Action Learning Approach

In view of the emerging findings from the Time to Care project, and the wider evidence which suggests that an organisational approach is required if compassionate care is to be provided (Dixon-Woods et al 2013, Jacobs et al 2013, Kitson et al 2013, King's Fund 2011), a programme of work centred on enabling staff teams to support each other in placing care back at the heart of practice has been developed.
