

Midland Microanalysis Users Group

Meeting at Loughborough University 31st Oct 2012 – Programme

Room S0.04, Materials Department

12:00 -12:30	Committee meeting
12:30	Lunch
13:30	Dan Tatham (University of Liverpool) - "EBSD of Geological samples"
14:00	Keith Dicks (Oxford Instruments)– "An introduction to Transmission Kikuchi Diffraction (also known as Transmission EBSD or T-EBSD) in the SEM, and its applications"
14:30	Daniel Goran (Bruker) "In situ plastic deformation characterised by EBSD and orientation contrast imaging"
15:00	Tea
15:15	Hans Dijkstra (Thermo Fisher Scientific) – Title TBC
15:45	Rene de Kloe (EDAX) - "Standardisation of quantitative EBSD measurements"
16:15	Close
