Who is aid transparency for?

Northern / Donors	Southern / Recipients
Individual donors	All donors
Aid	All resources
Allocation	Execution
Trends and big picture	Details
OECD classifications	Budget classifications
The past	The present & future

Beyond DAC statistics

- More donors, foundations, NGOs
 - Including South-South cooperation
- More detail
(Budget classifications, geocoding, traceability, transaction details)
- Simplified reporting for grantees
- Information from beneficiaries
- Applications & ecosystem

Overview

- What?
- Who?
- How?

Who?

OECD
DAC

UN
DCF

DG
Synisys

Overview

- What?
- Who?
- How?

How?

- Extend the standard
- Maintain the registry
- Reach out to new providers
- Support data providers
- Support data users

3-4 people?

Conclusion

- Multiple purposes
- Standardised open data
- Shared infrastructure
- Independent governance
- Small secretariat
