**1. CHASM Funding Update**

The CHASM core funding has been delayed. KR spoke to Matt Mangan to see if some funds can be obtained in advance from the funder or other alumni to help support CHASM events (UK-US Visiting Scholars). KR to give update after discussions with Matt. We need to think about funding bids to support the workstreams. LA has been named on an AHRC proposal submitted by Tom Sorrell. RJ will be working 50% of his time on Leverhulme project from Jan 2012 to Dec 2014.

There was discussion on membership. Rosalind Copisarow has stepped down from the Advisory Board. A replacement was needed for Bernie Morgan and Udo Reifner. RJ to update the website. Agreed RJ to send email reminders to colleagues inviting them to pass on details of possible candidates to KR who would forward the long-list to Advisory Board Chair, Brian Pomeroy. Brian's views would be sought for possible international and government candidates to join the Advisory Group.

**3. UK-US Visiting Scholars Event 8-9 March 2012**

There was a discussion on the focus of the event. Suggested it might include three strands: assets and social policy; assets and BME groups; and financial capability, building on the work of Margaret Sherraden on schools. A number of keynote speakers were suggested. There was discussion on possible London venues. The Birmingham event will be open to everyone, and might focus on assets and BME groups followed by private meeting between US visitors and core CHASM members. Agreed RJ to circulate a paragraph on the event, an outline programme and a couple of sentences on each of the US speakers.
