If you think you will be unable to respond by this date, please contact us and we will be able to extend the time available. However, if you fail to respond by this deadline your offer may be declined on your behalf.

Information about our presessional and academic English courses for international students can be found on our website: www.birmingham.ac.uk/bia.

Declaration of health
Some programmes require you to complete a health declaration. Your offer letter will clearly state if this is required and will provide additional information accordingly.

Fitness to practise
Some programmes require students to sign a code of conduct at the time of registration. Your offer letter will state if this is a requirement for your programme. See pages 14–15 for further information.

If you do not complete and submit this form it will be assumed that you will be paying the tuition fees yourself when you register. Please note the University does not recognise bank loans, family members or friends as sponsors, and in such cases we will consider you as self-funded and you will be responsible for the payment of your tuition fees when you register.

Sources of funding
There are various sources of finance for postgraduate students, including grants, University scholarships and studentships from research councils, business and industry, government departments and charities. The only mandatory funding available is for teaching, social work and pre-registration physiotherapy taught programmes. The Student Loans Company offers loans of up to £10,280 for Masters programmes to UK and EU students who meet certain residency criteria. Private loans are also available from high street banks.

Learn more
Navigating the different sources of funding can be challenging, so we have created a postgraduate funding database to help you learn more about the different awards available to you. When you are choosing a university for postgraduate study, one of the most important things to consider is its academic reputation. You want to study somewhere with a strong research culture; an institution which is at the forefront of discovery and innovation. You want a university that measures up to your expectations.

With over 14,000 postgraduate students, we are one of the most popular universities in the UK for postgraduate study. Founded in 1900, Birmingham was England’s first civic university, accepting students from all religions and backgrounds on an equal basis.

Here are some reasons why you might like to join us for your postgraduate studies:

### We are a world-renowned university

- From among the world’s many thousands of institutions, we are 15th in the UK in the QS World University Rankings 2017.
- In the 2015 Academic Ranking of World Universities (published by Jiao Tong University) we were ranked in the top 101–150 out of 500 universities, establishing us as joint ninth out of the 37 UK universities to appear in the list.
- The 2017 Guardian University Guide ranked Birmingham 13th out of 119 institutions. Eighteen of our subjects were in the top 10, seven of which were placed in the top five.
- The Complete University Guide 2017 ranked Birmingham 15th out of the 127 institutions surveyed. Twenty-seven of our subjects were in the top 10, with ten placing in the top five.

### We are one of Britain’s ‘Ivy League’ of top research institutions

Birmingham is a member of the Russell Group, which comprises 24 leading UK universities. The Observer recently described the Russell Group as ‘the equivalent of the American Ivy League of prestigious universities’. These institutions undertake over two-thirds of the research carried out by UK universities and two-thirds of the very best research deemed ‘world leading’.

### We have an impressive graduate employment record

The University has been recognised for its impressive graduate employment, being named ‘University of the Year for Graduate Employment’ in The Times and The Sunday Times Good University Guide 2016. In the 2016 and 2017 Guardian University Guide, Birmingham was ranked fourth for employability, with 84.4% of our students going into graduate-level jobs or postgraduate study within six months of graduating; a figure higher than at the University of Oxford.

### We are one of Britain’s best-value universities

Birmingham has been ranked sixth in terms of value for money in a study of the UK’s top 20 universities. The study, based on figures from the Guardian 2014 University Guide league table, considers a range of factors; from university fees and insurance to the cost of gym membership, the cost of attending events and free entry to the students’ union.

### We are one of the most beautiful universities in the UK

The University’s campus was listed in a selection of the most beautiful universities in the UK by The Telegraph. Birmingham is the original campus-based university. Occupying 250 acres of green and leafy parkland in the suburbs of Edgbaston and Selly Oak, the campus provides students with a beautiful environment for their learning experience.

**Andrew Dale**, MBA alumnus and a Director at HSBC UK.

‘The University of Birmingham has a strong reputation, is ranked in the top 100 universities globally and is a redbrick university. A postgraduate degree from such a highly regarded institution sends a strong message to prospective employers. My experience at Birmingham and gaining my MBA from the University helped shape me, further building my confidence, independence and cultural awareness. While my MBA contributed to my skill set academically, it was my involvement in the broader University experience that showed employers that I had talents beyond the MBA qualification.

‘If you make the most of the opportunities available to you at Birmingham, you will be able to clearly differentiate yourself from your competitors when applying for jobs.’

Disabilities

We aim to create an inclusive learning community. Your disclosure of a disability and associated needs (including mental health, dyslexia/ dyspraxia and other health conditions) to the University is a positive step. Should you disclose a disability, we want to ensure that appropriate support can be put in place for you. This will require us to notify other staff within the University, for which you will be required to complete a student consent form (www.birmingham.ac.uk/undergraduate/support/disability/index.aspx). If you have not yet disclosed that disability, you can disclose at any point during your time at University; however we would encourage you to do so at the earliest opportunity to assist us in putting in place the appropriate support in good time.

In order to ensure that you are able to make an informed choice of the university that is best for you, we advise you to contact the Disability and Learning Support Service before you accept any offer of a place. This will give you an opportunity to discuss with us your support needs and how they can best be met. You should be aware that if you choose not to disclose your disability, or to limit that disclosure, while we will do our best to help you, you may not be able to access the full range of support available. The Disability and Learning Support Service can be contacted by telephone on +44 (0)121 414 5130 or by email at disability@bham.ac.uk.

Disclosure and Barring Service (DBS) checks

It is a condition of entry for the following programmes that you provide information for a satisfactory Disclosure and Barring Service enhanced check:

- Doctorate in Applied Educational and Child Psychology
- MSc Forensic Psychology Practice
- All Special Educational Needs and Disabilities (SEND) full-time programmes
- MSc Physiotherapy
- PGDip Physician Associate Studies
- All Advancing Practice Programmes
- Clinical Neuropsychiatry

The reason for the condition is that the above programmes include a placement(s) in an area where you may come into contact with children and/or vulnerable adults. The University has a duty to protect vulnerable members of society with whom our students may come into contact during their studies.

Please note: applicants from countries other than the UK are expected to provide evidence of a satisfactory background police check carried out in their home country in addition to their DBS check.

At the University of Birmingham the process operates as follows:

1. Offer letter sent to you
2. You accept offer
3. After we receive your acceptance of offer, the University sends your DBS pack with form to complete
4. You return completed DBS form along with proof of identity and payment to the University
5. University checks and countersigns form and sends it with payment to DBS
6. Disclosure document sent by DBS to you. You send original disclosure, carried out by University of Birmingham, to Nahid Choudhry, Admissions

You will receive all the information you require from the University at the correct time and at this point you do not need to take any action until we send you the DBS pack. When you receive the pack, please complete and return the form to us as soon as possible as this process can sometimes take a long time.

We have to ensure that the process is carried out correctly but we will do our best to carry it out as quickly and efficiently as possible and with the minimum of disruption to you.

In the event of a query, please contact admissions@bham.ac.uk or 0121 414 5488
Fitness to practise

Places on all Advancing Practice programmes, PGDip Physicians Assistant, postgraduate professional training in Educational Psychology, Clinical Psychology and Forensic Psychology, MSc Physiotherapy, and Social Work programmes are subject to the University's fitness to practise regulations. You will be expected to sign a programme-specific code of conduct, similar to the one below, when you register for your course. For further details regarding your specific programme please use the following web address to view the code of conduct you will be expected to sign: https://intranet.birmingham.ac.uk/as/studentservices/conduct/ftp/index.aspx

Generic Code of Professional Conduct and Fitness to Pratice

Please note that students, who are in the UK or wish to remain in the UK as a Student under Tier 4 of the Points-Based System, will also be subject to University requirements regarding attendance under the Points-Based System, above and beyond the professional requirements in this code.

1. Introduction

1.1. I understand that successful completion of the academic qualification I am seeking leads to admission to a professional body and that I am required, during my studies, to adhere to the requirements of that professional body and any related statutory body. I recognise that this Code of Professional Conduct and Fitness to Pratice identifies the behaviour required of me, and that it is supplemented by the relevant professional body Code or guidance. I understand that breaches of this Code may lead to disciplinary action including my exclusion from the University or the inability of the University to provide me with a supportive professional reference. In the event of any breach of this Code, I understand that I may be treated differently to other students of the University of Birmingham who are not subject to this Code.

2. Personal behaviour

2.1. I will at all times behave in a manner appropriate to my position as a student of the University studying for a qualification, the successful completion of which leads to entry to a professional body and/or statutory registration.

2.2. I understand that behaviour including, for example, dishonesty, indecency, harassment, bullying, violence, abuse of drugs or alcohol, will lead to disciplinary action under this Code and may result in the inability of the College to supply a positive character reference on completion of the qualification. It may also lead to my exclusion from the programme of study.

2.3. I undertake to notify the appropriate person in the College should I be subject to a criminal conviction, caution and/or Community Resolution Order subsequent to my application to the University. I understand that a criminal conviction or caution may lead to my suspension from certain aspects of my study until the relevant provider’s duty of care can be assured. I understand that this may lead to the need for me to extend my studies where it has not been possible to arrange replacement activities. I understand that the Rehabilitation of Offenders Act (1975) may not apply to the professional body to which I am seeking membership and that, should I be subject to a criminal conviction or caution, this may never be considered ‘spent’.

2.4. I consent to the College sharing with relevant partnership placements:

2.4.1: information contained in the Disclosure and Barring Service (formerly CRB) disclosure made against me, when it is requested by the placement provider where it is intended that I undertake the placement, as a pre-condition of that placement, and

2.4.2: information in connection with or arising from fitness to practise proceedings taken by the College against me.

3. Behaviour towards others

3.1. I will at all times treat my patientsclientservice users, colleagues, staff and other members of the University or partner institutions with due respect and conduct myself in a professional, honest, decent and courteous manner. During the course of my studies, I will use language appropriate to the situation and people involved.

3.2. I will acquire an understanding of working with diversity, including gender, race and culture, in order to work with my patientsclientservice users appropriately.

4. Appearance

4.1. I will follow the College guidelines on standard of dress and will ensure that I maintain a standard of appearance that will be perceived as professional by such persons as I may encounter in the pursuit of my studies.

5. Learning

5.1. The content of my programme of study is designed to meet the requirements of a professional and/or statutory body. I will pursue my studies with reasonable diligence (in accordance with University Regulation Section 5) ensuring that I avail myself of the educational opportunities made available and I will seek to acquire the range of skills and knowledge identified in the relevant professional and/or statutory body guidance.

5.2. I understand that I must take responsibility for my own learning through attendance at lectures, tutorials, seminars and practicalsclinics and through being suitably prepared for them. I will notify the appropriate person or department, in accordance with University and/or College guidelines, if I am to be absent from any part of the course, due to sickness or other reasons, and I will make up the lost
learning opportunity, making appropriate use of College support structures. I understand that if I persistently fail to follow my programme of study with reasonable diligence that I will be subject to disciplinary action under this Code.

5.3. I will not disrupt the delivery of teaching or the learning experience of fellow students, and will not jeopardise the health and safety of those involved, during attendance at lectures, tutorials, seminars and practicals/clinics.

This leaflet was written several months in advance of the start of the academic year. It is intended to provide prospective students with a general picture of the programmes and courses offered by the School. Please note that not all programmes or all courses are offered every year. Also, because our research is constantly exploring new areas and directions of study some courses may be dropped and new ones offered in their place.
