

Birmingham Foundation Academy Progression Requirements - Medical Sciences

Upon successful completion of the Medical Sciences Pathway of the Birmingham Foundation Academy Programme you will be guaranteed a place on one of the following degree programmes, subject to achieving the required year average and any other progression requirements listed below. Unless otherwise stated, the undergraduate degrees listed below are 3 year programmes (you would therefore study for a total of 4 years including the Foundation Academy year). It is possible to progress to the University's four-year undergraduate programmes, for example, the MEng/MSci (integrated Masters) or programmes with a year in industry or year abroad. In such cases Birmingham Foundation Academy students holding an offer for a 4-year programme will be able to apply for an extension of their studies in their final year.

Degree Programme	Compulsory Modules	Progression Requirements
College of Medical and Dental Sciences		
Pharmacy MPharm (4 year programme)	Academic English and Study Skills 1 Academic English and Study Skills 2 Human Biology Introductory Chemistry Introductory Organic Chemistry Physical Chemistry Introductory Maths The Periodic table	A mark of at least 65% is required in all modules. Please Note: Pharmacy has a number of additional entry requirements, including an interview, health check and Criminal Records Bureau Check. Please ensure you are familiar with these additional requirements.
Medical Science BMedSci	Academic English and Study Skills 1 Academic English and Study Skills 2 Biology Introductory Chemistry Introductory Maths Human Biology Advanced Study Skills in the Biological Sciences	An overall average of 60% and A mark of at least 60% is required in the Academic English and Study Skills 1 and Academic English and Study Skills 2 A mark of at least 60% is required in: Human Biology Advanced Study Skills in Biological Sciences Introductory Chemistry
Biomedical Materials Science BMedSci	Academic English and Study Skills 1 Academic English and Study Skills 2 Biology Introductory Chemistry Introductory Maths Human Biology Advanced Study Skills in the Biological Sciences	An overall average of 60% and A mark of at least 60% is required in the Academic English and Study Skills 1 and Academic English and Study Skills 2 A mark of at least 60% is required in: Human Biology Advanced Study Skills in Biological Sciences Introductory Chemistry

Degree Programme	Compulsory Modules	Progression Requirements
School of Biosciences		
Biological Sciences BSc Biological Sciences (Genetics) BSc Biological Sciences (Biotechnology) BSc Biological Sciences (Environmental Biology) BSc Biological Sciences Microbiology) BSc Biological Sciences (Plant Biology) BSc Biological Sciences (Zoology) BSc Biological Sciences MSci (4 years) Biosciences with Business Management BSc Human Biology BSc Human Biology MSci (4 years)	Academic English and Study Skills 1 Academic English and Study Skills 2 Biology Introductory Chemistry Introductory Maths Human Biology Advanced Study Skills in the Biological Sciences	An overall average of 55% and A mark of at least 55% is required in the Academic English and Study Skills 1 and Academic English and Study Skills 2 A mark of at least 60% is required in Biology
Biochemistry BSc Medical Biochemistry BSc Biochemistry (Genetics) BSc Biochemistry with Biotechnology BSc Biochemistry with Molecular Cell Biology BSc Biochemistry MSci(4 years)	Academic English and Study Skills 1 Academic English and Study Skills 2 Human Biology Introductory Chemistry Introductory Organic Chemistry Physical Chemistry Introductory Maths Organic Spectroscopy	An overall average of 55% and A mark of at least 55% is required in the Academic English and Study Skills 1 and Academic English and Study Skills 2
School of Psychology		
Psychology BSc Psychology and Psychological Practice MSci (4 years) Psychology and Psychological Research MSci (4 years)	Academic English and Study Skills 1 Academic English and Study Skills 2 Biology Introductory Chemistry Introductory Maths Human Biology Advanced Study Skills in the Biological Sciences	An overall average of 55% and A mark of at least 60% is required in the Academic English and Study Skills 1 and Academic English and Study Skills 2
School of Sport and Exercise Sciences		
Sport and Exercise Sciences BSc Sport, Physical Education and Coaching Science BSc	Academic English and Study Skills 1 Academic English and Study Skills 2 Biology Introductory Chemistry Introductory Maths Human Biology Advanced Study Skills in the Biological Sciences	An overall average of 55% and A mark of at least 60% is required in the Academic English and Study Skills 1 and Academic English and Study Skills 2 A mark of at least 60% is required in Human Biology
