# Welcome

Welcome to our glorious campus. We regularly attract over 15,000 visitors to our campus on open days and as you look around today it is easy to see why: our beautiful 250-acre estate offers you a safe, friendly environment with all the facilities of a small town, which is itself on the doorstep of one of the most vibrant cities in the UK. Our open days are designed to give you a taste of our university and provide you with all the information you need to make an informed choice about where to study. There are talks and displays but, more importantly, there will be an opportunity to meet the students and staff who live and work here, and we hope you leave with a picture of the real Birmingham, a leading global university.

At Birmingham our academic standards are high. You will learn from world-class experts and be challenged throughout your studies with us. We have a long tradition of innovation and our research continues to have impact across the world. You will be studying at the heart of a vibrant international academic community and will learn skills in critical enquiry, debate and self-motivation. We understand that this is likely to be different from the way you have studied in the past so rest assured that we will support you in making this transition to studying at a leading university. We have created and continue to invest in an academic environment that will help you succeed, from support from your tutors and lecturers to facilities for you to work whenever and however it suits you.

In addition to a broad range of established degree programmes, we have introduced two new exciting degrees for 2013 entry: Pharmacy, designed specifically to meet the needs of the future pharmacist, and the Bachelor of Liberal Arts and Sciences, a programme developed in response to requests for graduates with wide-ranging knowledge and skills in addition to in-depth expertise, providing employers with the next generation of leaders.

Preparation for your future career is likely to be at the forefront of your mind as you choose a university. We realise that your time at Birmingham is about more than your academic studies – it is about equipping yourself with the right skills to ensure that you succeed in a competitive employment market. From tailored careers guidance and global internship opportunities to an accredited personal skills programme and mentoring from our successful alumni network, the wide range of options available to you will ensure that you are uniquely prepared for life after university.

I hope that you enjoy your visit today, gain a valuable insight into what it is like to study at a leading global university, and choose to shape your future with us.

With best wishes

Professor David Eastwood  
Vice-Chancellor

**At almost 100 metres, the University clock tower, known to students as 'Old Joe', is the tallest freestanding clock tower in the world.**

**At 17 feet 3 inches across, it is possible to drive a double-decker bus through the clockface of 'Old Joe'.**

**A nest box has been placed at the top of the clock tower where a pair of peregrine falcons nest every year.**

# How to reach the University

We are pleased that you are planning to attend our open days this year. As part of our commitment to reducing our impact on the environment, we would strongly encourage you to travel by public transport when you visit the University.

Each year we welcome some 15,000 visitors to our open days; as a result, the adjacent roads and University car parks fill up very quickly. The University has only a limited number of car parking spaces on open days and we strongly recommend, where possible, that visitors use public transport.

## By rail

Being the only university in mainland UK with its own station, the easiest way to reach the University is by train. Most cross-country services to Birmingham arrive at Birmingham New Street station and up to six trains an hour depart for University on the cross-city line (final destination Longbridge or Redditch). The journey time usually takes less than ten minutes, while the centre of the main campus is a five-minute walk from University station. Student ambassadors (wearing lime green shirts) will be present at Birmingham New Street station to direct you.

## By coach

There are frequent express coach services to Birmingham from London, Heathrow and Gatwick airports and many other UK cities. The long-distance coach station is in Digbeth in the city centre.

## By bus

The bus service numbers 61, 63, X64, 98 and 99 travel to the University's main Edgbaston campus, the Vale student residences and the Selly Oak campus.

## Parking on campus

Parking on open days is extremely limited and the majority of visitors will be unable to find a space on campus. We therefore recommend that visitors use public transport to reach the University or find alternative parking in and around the city. The University has three main car parks: South, North and Pritchatts Road Car Park; however please note that these fill up very quickly and therefore we cannot guarantee a space for visitors.

## Park and ride

In addition to University parking there is an overspill park and ride car park with some limited parking. It is based at King Edward's School playing field (B5 7SN) on the Bristol Road. Park and ride will be operating on a first-come, first-served basis. Shuttle buses to and from the University will be running throughout the day, dropping off and picking up from outside University Centre (building R23 on the map on the back page).

The first park and ride will leave King Edward's School playing field at 8.30am. The last bus will leave University Centre at 4.30pm. There is no charge for the park and ride car park.

# An inspirational student experience

The University of Birmingham is a leading global university which offers an inspirational student experience. We have invested in major new activities to enhance our student experience further, have extended programmes that widen participation in higher education, and continue to provide generous financial support for students from lower income backgrounds.

We also remain committed to preparing our students to transform their prospects in a competitive employment market by providing opportunities for international exchange, mentoring support, career

skills development, community volunteering and leadership skills, so that they graduate from Birmingham prepared for the changing economic landscape of the 21st century.

## Investment in the student experience

Over the last three years we have invested in excess of £200 million in our estate, including state-of-the-art learning facilities and, in addition, we will invest £600 million in a wide range of transformational projects to further enhance the high-quality experience that our students receive. Our Bramall Music Building opened last summer, providing a new home for the Department of Music and

a top-class performance space. We also have plans to invest £55 million in new, world-class sports facilities as well as £37 million to develop a new library at the heart of campus for our extensive collections.

We are also building on our personal academic tutoring system to provide the support and guidance that students need to succeed in higher education and to achieve their full academic potential.

## Student financial support

We have introduced enhanced financial support for students from lower income backgrounds and increased outreach activities to promote fair access. Our progressive and targeted financial aid package will offer support to over 4,000 students and will increase our investment in widening access to over £12 million by 2015–16.

For full information on our tuition fees and financial support please visit: [www.birmingham.ac.uk/funding](http://www.birmingham.ac.uk/funding)

## Investment in our students' careers

We have developed our sector-leading employability services which provide Birmingham students with the opportunity to be mentored by some of the University's most successful alumni. We also provide and help you to source internships in the UK and overseas, and our specialist staff offer unique careers guidance, tailored to individual academic subject areas – ensuring you will continue to succeed after university.

## Supporting your talent

We believe in creating an environment in which academic excellence can be combined with opportunities for personal development. Acknowledging that many of our students are also talented sports people or musicians, we have announced a number of sport and music scholarships for students planning to start their studies in 2014–15. For more information visit: [www.birmingham.ac.uk/scholarships-2014](http://www.birmingham.ac.uk/scholarships-2014)

# The city of Birmingham

Birmingham has been transformed into a city for young professionals and is one of Europe's most exciting destinations. It is more than somewhere to study; it is somewhere to build a successful career.

Birmingham is a modern and fascinating city: famous for its historical industrial past, it is now a centre of arts and culture, commerce and entertainment, with a vibrant and diverse community. Birmingham is home to the largest financial services and creative sectors outside London. The thriving business community offers you a wealth of opportunities when you join the job market, and around 40% of Birmingham graduates choose to make their home here after leaving the University.

## Shopping and style

□ **Bullring** – Europe's largest city-centre shopping emporium with more than 150 shops inside the iconic £530 million complex, which attracts visitors from across the UK

□ **The Mailbox** – a unique development which brings together designer fashion shops and an array of restaurants and café bars

## Entertainment and events

□ **Live entertainment** – top venues for big name bands and local talent include the O2 Academy, the National Indoor Arena (NIA), the National Exhibition Centre (NEC) and Symphony Hall, one of Europe's finest concert halls and home to the City of Birmingham Symphony Orchestra

□ **Theatre** – Birmingham's principal theatres, the Repertory, Alexandra and Hippodrome, regularly host West End productions, as well as staging specially commissioned new work

The city of Birmingham offers visitors a wealth of attractions from cultural activities to shopping and sporting events. It has some first-class entertainment and eating places, and you may want to consider arriving the night before to get the most out of your visit. ### 'Big Brum' open top bus sightseeing tour

If you would like to find out more about the city and discover Birmingham for yourself, why not take part in our live, guided open top bus tour? Tickets are free and can be collected from the Aston Webb Reception (building R6 on the map) on a first-come, first-served basis. The tours start at 2.30pm and 3.45pm and last for one hour. The bus will pick up visitors from outside the Barber Institute of Fine Arts (building R14 on the map).

- **Food and drink** – Birmingham's multicultural character is reflected in our restaurants, where you will find Caribbean, Chinese, Greek, French, Spanish, Thai and other international cuisines

- **Custard Factory** – the former home of Bird's Custard has been transformed into a dynamic and Bohemian community of around 500 artists and small creative enterprises

### A sporting city

- **Sporting events** – the city is home to many sporting events, including football at Aston Villa and Birmingham City, international cricket at Edgbaston and prestigious golfing events at the Belfry
- **British City of Sport** – Birmingham hosts more national and international sporting championships than any other city in the UK; not surprisingly, it was selected by the Sports Council as the first National City of Sport

### Places to visit

- **Birmingham Museum and Art Gallery** – Birmingham's main museum and art gallery includes one of the finest collections of Pre-Raphaelite paintings in the world
- **Ikon Gallery** – showcases cutting-edge multimedia work nearby by leading contemporary artists

### Hidden gems

#### Community culture...

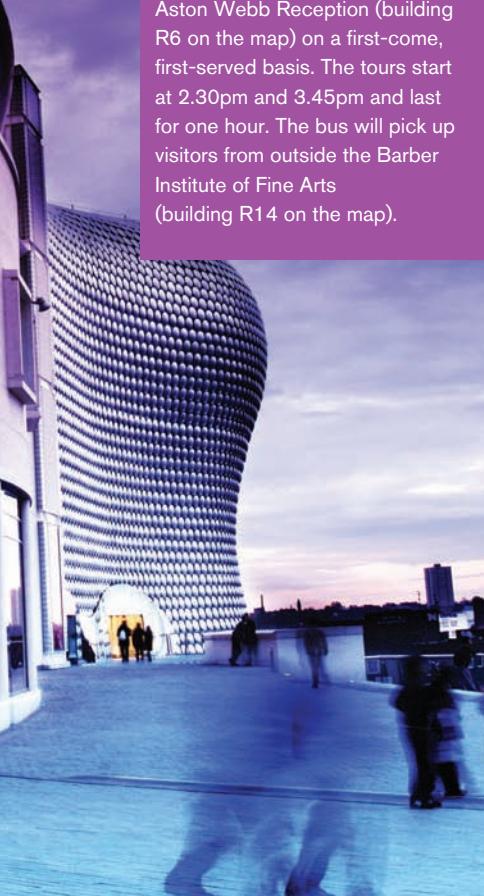

The Midlands Arts Centre (Mac Birmingham): a £15 million vibrant community arts centre, theatre and cinema in beautiful Cannon Hill Park.

#### Bespoke bling...

The Jewellery Quarter: home to Birmingham's historic jewellery trade, the area still boasts more than 100 specialist jewellery retailers – the perfect place to pick up a unique piece at a bargain price.

#### Hobbit hunting...

Sarehole Mill: this 200-year-old mill is one of only two surviving watermills in Birmingham. The cobbled courtyard and mill pool are a tranquil haven from 21st-century life outside. It was a favourite haunt of the young JRR Tolkien and it is said that the Mill and nearby Moseley Bog provided the inspiration for the Shire – home to Frodo and Bilbo Baggins.

# How to make the most of your day

## What's on offer?

In the Aston Webb and Bramall buildings you will find a wide range of subject-specific stands as well as stands relating to sport, welfare, accommodation, finance, careers and other areas. Venues to visit are:

- Great Hall, Ground Floor, Aston Webb Building (R6)
- Foyer, Ground Floor, Bramall Music Building (R12)
- Rotunda, 1st Floor, Bramall Music Building (R12)
- The Dome Room, 3rd Floor, Bramall Music Building (R12)

Talks on a range of subjects take place throughout the day. The timetables for talks can be found from page 10 onwards. **Please note:** all talks last approximately 30 minutes.

## General information

Prior to the open days, you can contact the Student Recruitment Team on 0121 414 3374. On the day, staff at the main reception area in the Aston Webb Building (R6 on the map) will be able to help you with general enquiries, directions and other information. Our student ambassadors will be wearing lime green shirts and will be present across the campus to help you find your way around.

## Tours of the Edgbaston campus

Guided walking tours of the main campus take place throughout the day, starting at 9.00am. They last between 45 minutes and an hour. The Campus Tour desk is situated in Chancellor's Court.

## Viewing accommodation

Throughout the day, visitors can view University accommodation. Visitors can either use the walking map to

reach accommodation (this takes approximately 15 minutes) or there is a specially provided free bus service. Walking maps may be picked up from all information booths and at the base of the clock tower. Buses depart from outside the Barber Institute of Fine Arts (building R14 on the map) and drop visitors at Maple Bank Hall on the Vale Village. To get the bus back to campus there is a bus stop outside Mason Hall. In order to avoid congestion you might want to avoid the busiest periods between 12.00noon and 1.30pm. Buses will run from 9.00am until 3.15pm and bus tours will take between 45 minutes and an hour. More information on accommodation can be found at [www.birmingham.ac.uk/accommodation](http://www.birmingham.ac.uk/accommodation)

## Visitors with disabilities

We encourage students with disabilities to visit and study at the University, and have implemented a programme of accessibility adaptations on campus. This includes the installation of lifts and accessible toilets and improved signage. All new buildings and major conversions are being designed with accessibility in mind.

A mobility map is available from the Aston Webb Reception (building R6 on the map), which gives an overview of the Edgbaston campus showing the main access routes for wheelchair users. Blue badge holders should arrive at the East Gate where security personnel will direct you to the nearest disabled parking spaces. Prospective students with a disability are encouraged to visit the Disability and Learning Support Service desk in the Great Hall, Aston Webb Building (R6 on the map). For more information please visit our website at: [www.birmingham.ac.uk/students/support/disability](http://www.birmingham.ac.uk/students/support/disability)

## Places to relax for parents

If you are accompanying your son or daughter on their open day visit, you may want to go your separate ways for a time. Parents are welcome to take a break and relax in Café Aroma, Staff House (building R24 on the map) between 8.00am and 4.00pm. If you're visiting our student accommodation, you may also want to enjoy a coffee in The Melt, located in Shackleton on the Vale Village.

Winterbourne House and Garden (R12 on the map) is a unique heritage attraction and the perfect place to escape the crowds on open day. This attraction will be open from 11.00am–5.30pm (last entry 4.30pm) and entry is free for prospective students and £1 for parents and guests.

## Activities and talks for parents

Our student finance talks include information on the statutory support available from the government, the financial aid available from the University as well as other sources of funding. These talks take place at 10.30am, 12.00noon and 3.00pm. Please refer to the General events timetable on page 10 for locations.

Parents may also be interested in attending our 'Parents' Survival Guide' talk at 1.30pm in WG5, Aston Webb Building, which covers all you need to know about supporting your son or daughter through their transition to university.

## The Barber Institute of Fine Arts

Key works by Manet, Monet and Magritte, Rubens, Rossetti, Renoir and Rodin, Gainsborough, Turner, Degas, Picasso and many others adorn the galleries of the award-winning

Barber Institute of Fine Arts, the University's 'mini National Gallery'. A visit to the Barber Institute is highly recommended if you have 30 minutes or more available.

You can also join our free guided tour of the collection and temporary displays – including the contemporary photography intervention 'Function 4: Portraiture', and the sound installation 'Sonic Visions: New Electroacoustic Music Inspired by Art' – at 12.00noon. These tours will be given by the gallery's collections and learning team and students. Meet at the reception desk at the Barber Institute (building R14 on the map).

#### Opening hours

11.00am–5.00pm

Admission is free

#### Other activities

##### Library tours

To find out more about our library services, why not join a library tour? Tours depart every half hour from 9.00am to 3.00pm from the iLounge, Main Library (building R22 on the map). Self-guided tours are available from the library reception.

##### University of Birmingham Sport

As a top three sporting university there are plenty of sporting opportunities available at University of Birmingham Sport. Whether you enjoy watching sport from the sidelines, want to get fit and healthy or play for a University team, there really is something for everyone, including volunteering and coaching opportunities. You will never have a better opportunity to get involved, have fun and make new

friends. Find out more by visiting the Munrow Sports Centre (R25 on the map) – chat to current students and members, meet our head coaches and attend Sport at Birmingham talks (held in the Dance Studio at 9.45am, 11.15am, 12.45pm and 2.15pm). Tours of our sport facilities will depart from the New Gym in the Munrow Sports Centre (including the track that recently hosted the Jamaican Olympic Track and Field Team).

#### The Guild of Students

The Guild, our students' union, is the hub of undergraduate life. Run by students for students, there are over 190 clubs and societies to join, reflecting the tastes and interests of our diverse community; societies range from mountaineering and debating to film and Brum Dine with Me. You can get involved in student radio via BURN FM, or the student newspaper *Redbrick* and there are diverse opportunities for volunteering in the local community. The Guild also provides the Job Zone and houses the WorkLink employment service.

To find out more, attend a student life presentation followed by a tour of the Guild, which starts in the Debating Hall, 1st Floor, Guild of Students (building O1 on the map) at 11.15am, 12.00noon, 1.30pm and 2.15pm.

# What type of programme suits you?

## Single Honours

This type of programme focuses on one subject only, such as LLB Law or BSc Physiotherapy. The subject events timetable lists the variety of subjects available.

## Joint Honours

A Joint Honours degree allows you to study two subjects equally. This might be two subjects closely related to each other, such as History and Politics; or simply two which you enjoy equally, such as French and Mathematics.

## Natural Sciences

In this course you combine two major subjects (with flexible weighting in years 2 and 3) from the following disciplines: Physics; Mathematics; Chemistry; Biology; Biochemistry; Psychology; Earth Sciences; Geography; and Sport and Exercise Sciences.

## Liberal Arts and Sciences

Using the breadth of academic expertise from across the University, this degree allows you to design your own programme of study based on your interests and strengths. You will be supported in choosing modules which fit together into a logical programme of study reflecting your developing interests and knowledge. You will choose a Major area of expertise selected from 40 subjects across the University, although you can keep your options open in choosing a Major until your final year.

# Day planner

The day planner is designed to help make sure you are able to visit all of the activities and areas you would like to on the day.

You are not required to register when you arrive on campus so please make your way to your first chosen activity/area.

The student ambassadors wearing lime green t-shirts will be available all day to help you navigate your way around campus and answer any questions that you may have.

Talks are scheduled throughout the day at 45-minute intervals. All talks last 30 minutes which allows you 15 minute to move between talks. Talks often take place more than once during the day to help you plan your visit.

Accommodation tours to the Vale Village run throughout the day (9.00am–3.15pm). Visitors can either use the walking map to reach accommodation (this takes approximately 15 minutes) or there is a specially provided free bus service. Bus tours take between 45 minutes and an hour.

Campus tours of the main campus take place throughout the day, lasting between 45 minutes and an hour.
