[A word in your ear, but make it snappy \(/news/latest/2014/07/crocodile-ears.aspx\)](/news/latest/2014/07/crocodile-ears.aspx)

To most, crocodiles conjure images of sharp teeth, powerful jaws and ferocious, predatory displays – but they are certainly not famous for their hearing abilities. However, this could all change, as new research is shedding light on the reptiles' ears, showcasing their evolution from the reign of the dinosaurs to the era of Crocodile Dundee.
