

Student Employability Team

Our Student Employability Team are a professional group of students who are recruited to work alongside Careers Network.

About the team

The team help us devise, develop, promote and deliver our employability provision. They have diverse roles which include:

- CV Advisors
- Brand Promoters
- Media Communications Assistants
- International Student Team Leader
- International Student Ambassadors
- Blog Editor
- Green Impact Officer
- Vacancy Handler

Their high level of professionalism, enthusiasm and energy makes them great role models for other students, encouraging a greater cohort of students to engage with Careers Network and visiting employers. They can reach parts of the campus and student lifestyle that we cannot ever hope to reach and they intuitively take the right pitch when communicating with their peers.
