

Additional services for recruiters

There are a number of events and resources we organise and host that will help you to raise your company's profile with our students.

E-newsletters

Our e-newsletters are targeted by year group and college, so messages can be tailored to your preferences. We also have a Careers Network e-newsletter that is for all students so if you want to target all students then this is the e-newsletter for you! Advertising via our e-newsletter is an ideal opportunity for your company to reach students at regular intervals during the academic year with messages that draw attention to the opening of your recruitment campaigns, specific vacancies or competitions. **[Find out more about the e-newsletter \(/partners/employers/services/e-newsletter.aspx\)](/partners/employers/services/e-newsletter.aspx)**

Interviewing on campus

Our campus facilities provide an ideal location for interviewing students. We have rooms available for hire and are able to offer administrative support throughout the year for modest charges. **[Find out more about interviewing on campus. \(/partners/employers/interviewing.aspx\)](/partners/employers/interviewing.aspx)**

Advertising vacancies

We actively promote graduate vacancies, summer internships and placements and other structured work experience opportunities for both students and graduates. **[Find out more about advertising vacancies. \(/partners/employers/vacancies.aspx\)](/partners/employers/vacancies.aspx)**

Work experience: build a relationship with Birmingham

Internships and placements not only provide a valuable learning opportunity for our students, they also give you the opportunity to work with high quality and knowledgeable students for competitive rates. **[Find out more about work experience. \(/partners/employers/services/work-experience.aspx\)](/partners/employers/services/work-experience.aspx)**

Recruiting Student Volunteers

If you are an organisation wishing to advertise your opportunities to our students, you can find further information on our **[volunteering information \(/partners/employers/services/advertising-your-volunteer-opportunities.aspx\)](/partners/employers/services/advertising-your-volunteer-opportunities.aspx)** page.

Personal Skills Award

The PSA has been designed for undergraduate students to develop, reflect upon and articulate their skills. The scheme allows students to take accredited assessed modules in transferable skills (Modular Pathway), or recognises participation in extra-curricular activities, which develop their employability (Active Pathway).

The Award has been recognised as a leader in its field, winning the AGR (Association of Graduate Recruiters) award for Graduate Development in Preparation in Higher Education.

We encourage employers to take part in the Personal Skills Award (PSA), the University's prestigious employability award. Sponsorship and endorsement opportunities are available to employers.

Sponsorship

Sponsorship of Careers fairs and the publicity materials used to promote them is a popular way of increasing awareness of your organisation amongst our students. **[Find out more about sponsorship. \(/partners/employers/services/sponsorship.aspx\)](/partners/employers/services/sponsorship.aspx)**

Careers Network Guide

The Careers Network Guide offers an excellent opportunity to target our students with information on your organisation and your upcoming opportunities. **[Find out more about the Careers Network Guide. \(/partners/employers/services/guide.aspx\)](/partners/employers/services/guide.aspx)**
