How to advertise with us

Our vacancy advertising service is free of charge. You can advertise any type of student vacancy, from structured part-time work to internships, placements and graduate employment.

The process is very simple and as an employer you have direct access to upload your vacancies to **Careers Connect**. (<https://bham.targetconnect.net/home.html>) Please refer to **our user guide (PDF - 603KB)** ([/Documents/partners/employers/employer-guide-cc.pdf](#)) for further instructions.

You must agree to our **vacancy advertising terms (PDF - 131KB)** ([/Documents/careers/undergraduate/vacancy-terms-and-conditions-december-2014.pdf](#)) so please read this before progressing.

You may also find our **guide to equal opportunities in recruitment (PDF - 162KB)** ([/Documents/partners/employers/equal-opportunities-in-recruitmentjun14.pdf](#)) useful.

Employer directory

You can add your company to our online 'Employer Directory' for no charge. This extensive employer listing allows registered Birmingham students and graduates to search the Directory by employer name, industry, location and type of work.

Students are able to link directly to your website from the Employer Directory as well as your vacancies on our website. Instructions on how to upload and update your company profile can also be found in the user guide.
