

Class of 1988 Mechanical Engineering Reunion - 7 June 2013

On Friday 7th June, Matthew Byrne (*1988 MEng & Man Mechanical Engineering Manufacture & Management*) hosted a small reunion of his classmates as they were unable to make the Class of 1988 Anniversary Reunion the following day.

Matthew: "It was a great way to reconnect with people. Out of a total graduation class of 21 people we had 17 people make the reunion. We had lunch in town and then visited the department in the afternoon. The staff made us very welcome and updated us on developments over the past 25 years and current areas of research. The day reminded us all that our shared history during those formative years does still count for something!"

If you would like to organise your own reunion, please read our helpful guide ([How to organise a reunion \(PDF - 108KB\) \(/Documents/alumni/organise-reunion.pdf\)](#)) (<mailto:alumnievents@contacts.bham.ac.uk>) or contact us at alumnievents@contacts.bham.ac.uk (<mailto:alumnievents@contacts.bham.ac.uk>).
