

Hire the venue

The Elgar Concert Hall in the Bramall Music Building is available to be hired for meetings, conferences and events through our dedicated Conferences and Events trading organisation, [venuebirmingham](#).

This amazing space is very suitable for product launches, exhibitions, conferences, performances and of course concerts. The stage has a lift capable of raising a car onto the stage from the drive-in back-stage area, and the acoustics and audio-visual set-up are second to none.

In addition to the main auditorium there are several other spaces available for hire:

- the main entrance lobby and mezzanine floor
- the rehearsal space underneath the main dome
- several syndicate and break-out rooms.
