FILM:

Dany Laferrière: A Restless Child of Haiti

Discover another side to Haitian culture! The engaging, award-winning documentary *The Sweet Drifting of a Child of Petit-Goâve* (2010) follows the journey of globetrotting author Dany Laferrière as he visits Montreal, Paris, New York and Haiti. An essential insight into the life of a contemporary author, this is also a film about travel, exile, Haiti, Canada, compassion and a love of literature.
