With Birmingham Printmakers

Explore a world of printmaking this summer with artist-tutors from Birmingham Printmakers. Be inspired by our exhibition Lasting Impressions, and get the chance to study, up-close, stunning prints from the Barber's own collection.

Each workshop, run over two consecutive Saturdays, will explore a different print process from start to finish - resulting in a completed print to take home by the end of the course.

Suitable for all levels of ability - all materials provided.
