The Russell Group Postgraduate Study Roadshow is a prestigious week-long series of Masters and PhD study fairs and talks, exclusively featuring Russell Group universities. The Roadshow will take place in five major UK cities and is a collaborative project undertaken by the Universities of Birmingham, Leeds, Nottingham, Sheffield, Warwick, York, and FindAUniversity.com. The Russell Group Postgraduate Study Roadshow is a great opportunity for you to meet with representatives from the UK's leading universities and talk through your potential postgraduate options with them, face to face, in a place convenient to you. The Russell Group universities exhibiting at the Roadshow are looking to meet people interested in Masters or PhD level study no matter what university they are studying, or have studied at, so if you are: a first or second year student planning ahead, a graduate looking for more academic opportunities, or a graduate wanting career development opportunities, come along and find out what Russell Group universities could offer you. As well as being able to meet and talk to Russell Group universities, you can also attend our talks programme and chat to current Masters and PhD students. We will also be offering a £1,000 bursary to two Roadshow attendees to put towards their studies at one of the Russell Group universities exhibiting at the roadshow.
