Winterbourne's nature inspired event is back for a second year!

We will have plant stalls, tips and inspiration galore, a visiting petting zoo, a bird of prey display and more. There will be plenty for kids and adults to enjoy.

This year, the Barber Institute are also joining in the fun by hosting some activities for children.

The day starts at 11am and last entry to the site will be 4pm.

Adult tickets for the day are £6 and concession/child tickets are £5. Members will have to pay a smaller fee. Children under 5 are free. University of Birmingham staff and students are free of charge to this fab event.
