

Papers of University staff

These papers typically consist of correspondence; lecture and research notes; manuscript, typescript and printed copies of published and unpublished works; press cuttings; biographical notes; and occasionally items collected by subject. They may also include personal and family papers. Some of the papers of former staff also include material relating to careers before and after the individual's time at Birmingham.

Finding materials

More detailed collection descriptions are to be found in the [online archives catalogue \(http://calmview.bham.ac.uk/\)](http://calmview.bham.ac.uk/), entries in which are linked from the finding numbers on these lists, where available. Some catalogue entries include a full contents list, and / or links to other finding aids.
