

Papers of former students

These papers typically consist of course notes, essays and examination papers; correspondence; photographs and other material relating to individuals' time as students, and mostly relate to students who studied at the University during the first half of the twentieth century, although there are also papers of some later students, and a small amount of material relating to Mason College students.

A basic list of the students whose papers we hold is available here in two sections:

[A-K \(/facilities/cadbury/archives/university/students-ak.aspx\)](/facilities/cadbury/archives/university/students-ak.aspx)

[L-Z \(/facilities/cadbury/archives/university/students-lz.aspx\)](/facilities/cadbury/archives/university/students-lz.aspx)

More detailed descriptions of some collections are available in the [online archives catalogue \(http://calmview.bham.ac.uk/\)](http://calmview.bham.ac.uk/), and these are linked from the finding numbers, where available. Some catalogue entries include a full contents list, and/or links to other finding aids.
