

About us

We welcome visiting academics on sabbatical leave, doctoral and postdoctoral scholars to CARE in the **Department of English** ([/schools/edacs/departments/english/index.aspx](https://schools.edacs.departments/english/index.aspx)), where we provide workspace, networked computing (including e-mail), full use of library and other scholarly resources, access to the 450-million-word Bank of English corpus. You will also be welcome to attend any of our weekly research seminars in language and literature.
