

## About us

Languages for All is a specialised language teaching department with extensive experience of delivering tailor-made language courses across the University and beyond.

We provide a variety of quality language courses to students and staff on campus, to companies and public bodies, and the general public. Courses are available in a wide range of European and non-European languages.

---

 **Dietmar Wozniak, Director Languages for All** "Studying language can be great fun and highly rewarding, especially if you can apply your newly found language skills abroad"

---
