

## Bring the family along to do.collaboration

Posted on Wednesday 5th June 2013

Bring the family along to do.collaboration this Sunday, 9 June 2013, to experience digital interactive experiences!

Come and play games including air hockey and Kinect on our large multi-touch screens and tables. We will also be showcasing partner applications including The Hive's 'Touch History' and Birmingham Museum's 'Staffordshire Hoard'. Based on the ground floor of the ERI building off Pritchatts Road, the do.collaboration team will be here from 11am to show all ages how innovative technology can provide great learning experiences. We look forward to seeing you here!
