

## University of Birmingham username and password

---

Your University username and password was sent to you when you started your course either by post in your paperwork or by email.

The username is three letters based on your initials followed by three numbers, The password is a mixture of letters and numbers and is case sensitive.

If you do not know your log on details then **contact the IT Helpdesk on 0121 414 7171** and they will issue it to you.

It is helpful to have your student number to hand to help them identify you though this is not essential.
