

## Welcome to our new students

Posted on Monday 26th September 2011

Come into the library on the ground floor at Park House and drop off your registration form and in return we will give you a **FREE MEMORY STICK** containing information to introduce you to the library and our services.

Whilst you are here you could also book a library induction session to learn to use the resources, a literature searching session or even pick up some books!

Hope to see you soon,

Best wishes, Lucy  
Library and Information Assistant
