

# Child Protection Training for Senior Clinicians'

**Date(s)** Wednesday 6th (09:00) - Thursday 7th May 2015 (17:00)

**Download** [Add to Calendar \(/facilities/mds-cpd/events/child-protection-training.aspx?ical=true\)](/facilities/mds-cpd/events/child-protection-training.aspx?ical=true)

## Course Summary

This level 3 course is designed for senior doctors who are involved in child protection work. It is desirable that applicants possess prior child protection training at ALSG/RCPCH level 1 (recognition and response) and Local Safeguarding Children Board Level 2 (multi-agency). Trainers are Senior Paediatricians experienced in child protection work.

## Learning Objectives

The course aims to provide doctors with:

- an understanding of the social and legal framework around child protection, current issues and the role of doctors within it, including consent and confidentiality issues
- the opportunity to study how child protection work varies from other aspects of clinical practice
- an understanding of the mechanisms of injuries and the assessments and investigations required
- an understanding of the key principles of child sexual abuse examination
- the opportunity to develop skills in writing medical reports and witness statements with an emphasis on opinion formulation - there is pre-course work to facilitate this

## Who is the course for?

This course is intended for Consultants, Specialist Paediatric Trainees, SASG doctors and Forensic Medical examiners.
