

Metabolomics masterclass

Posted on Tuesday 31st May 2011

First Metabolomics Masterclass at NBAF Birmingham

- The 1st Metabolomics Masterclass was held on 28th-30th March 2011, with twelve participants.
- You can find the **programme for the course here** (</Documents/college-les/biosciences/metabolomics-facility/MasterClassprogrammeweb.pdf>). A second course will probably be offered in twelve months.
- Information for our visitors can be found **here** (http://www.biosciences-labs.bham.ac.uk/nbaf-birmingham/visitor_info.htm).

Lecture material:

- **[Experimental design, sample preparation, and safety](/Documents/college-les/biosciences/metabolomics-facility/NBAFmasterclass-2ExptalDesignSamplePrep2011.pdf)** (</Documents/college-les/biosciences/metabolomics-facility/NBAFmasterclass-2ExptalDesignSamplePrep2011.pdf>)
- **[Analytical tools for metabolomics](/Documents/college-les/biosciences/metabolomics-facility/NBAFMasterclass-3AnalyticalToolsforMetabolomics2011.pdf)** (</Documents/college-les/biosciences/metabolomics-facility/NBAFMasterclass-3AnalyticalToolsforMetabolomics2011.pdf>)
- **[Spectral processing](/Documents/college-les/biosciences/metabolomics-facility/NBAFMasterclass-4SpectralSignalProcessing2011.pdf)** (</Documents/college-les/biosciences/metabolomics-facility/NBAFMasterclass-4SpectralSignalProcessing2011.pdf>)
- **[Statistical analysis](/Documents/college-les/biosciences/metabolomics-facility/NBAFMasterclass-5StatisticalAnalysis2011.pdf)** (</Documents/college-les/biosciences/metabolomics-facility/NBAFMasterclass-5StatisticalAnalysis2011.pdf>)
