

Studentships

Studentships, based in Sensory Motor Neuroscience (SyMoN) and leading to a PhD in Psychology, are available. These cover tuition and a maintenance grant in the case of candidates from the UK or EU. Applicants should have (or be expecting) a good undergraduate degree (first or upper second) in science or engineering.

For further details please contact [Professor Alan Wing \(mailto:a.m.wing@bham.ac.uk\)](mailto:a.m.wing@bham.ac.uk).
