The University has had a representative office in New Delhi since 2009. This provides a permanent base for the University in India, enabling us to strengthen existing links and build new, mutually beneficial partnerships with universities, businesses, government and other public and private sector organisations. The office also works with our alumni in India, keeping them connected with the University.

Staff from the University regularly visit India to take forward collaborations in both research and teaching. The India office also works closely with students interested in coming to study at the University, providing advice on everything from programmes of study to accommodation and visas.

The India team regularly visits cities throughout India to meet with interested students and applicants. Please contact the office below for all queries relating to studying at the University, research and teaching collaboration and partnership enquiries.
