

Services to business, industry and public sector

Boost your business IQ

(<http://www.adobe.com/go/getflashplayer>)

You can boost your organisation's knowledge and resources by tapping into world-class expertise at the University of Birmingham. We're constantly making exciting breakthroughs - in medicine and engineering, energy and social science - and then making them available to the people who will benefit most.

Whether you are a large corporate organisation or a small business and whether you require a short term solution or have a long term project in mind, you can access our five colleges, 3000 academic staff and leading-edge facilities in the following ways:

- [Contract research \(/partners/partner-with-us/contract.aspx\)](/partners/partner-with-us/contract.aspx)
