

## Pre-Masters Certificate in Mathematics

**Can't see the video? Try this link ([/Video/college-eps/math/math-pgt-video-2013.flv](#)).**

### Postgraduate Pre-Masters Certificate in Mathematics

This programme provides an opportunity for graduates in any programme with a substantial mathematics element to fill in the gaps in their mathematical background and thus enable them to study an MSc or MRes programme, either organised by the School of Mathematics or by another School with a contribution from the School of Mathematics. Based on individual assessments of the candidates a bespoke programme will be compiled for them from the list of optional modules.

#### Details

This programme aims to provide an opportunity for graduates in any programme with a substantial mathematics element to fill in the gaps in their mathematical background and thus enable them to study an MSc or MRes programme, either organised by the School of Mathematics or by another School with a contribution from the School of Mathematics. Based on individual assessments of the candidates a bespoke programme will be compiled for them from the list of optional modules.

#### Breakdown of course

For each candidate a programme of six courses will be compiled from courses from the School's undergraduate programme according to the individual student needs. Lectures for each module will be delivered over the Autumn and Spring terms. The following list of optional modules is typical of the large array of courses available. Each module listed below comprises a total of 20 credits and students need to obtain 120 credits in total.

- Algebra & Combinatorics
- Impact of Mathematics
- Mechanics
- Mathematical Modelling & Problem Solving
- Probability & Statistics
- Real Analysis & the Calculus
- Vectors, Geometry & Linear Algebra
- Real & Complex Variable Theory
- Polynomials and Rings & Metric Spaces
- Symmetry and Groups
- Analytical Techniques
- Linear Algebra & Programming
- Applied Mathematics II
- Statistics II
- Linear Programming

Each module will be taught through a mixture of lectures, self study and supporting classes.

## Fees and funding

### Fees for 2015/2016:

- Home/EU - £9,000
- International - £14,140

### Scholarships and studentships

Scholarships may be available. International students can often gain funding through overseas research scholarships, Commonwealth scholarships or their home government.

For further information contact the [School directly \(mailto:r.mycroft@bham.ac.uk\)](mailto:r.mycroft@bham.ac.uk) or email [financialsupport@bham.ac.uk \(mailto:financialsupport@bham.ac.uk\)](mailto:financialsupport@bham.ac.uk). See also [postgraduate fees and funding \(/postgraduate/pgt-fees/index.aspx\)](#).

## Entry requirements

### Typical offer:

**Overseas students:** Undergraduate (BSc) degree in Mathematics or Mathematics related subject or General BSc with Mathematics as a substantial subject from a recognised University. Grade: Equivalent to UK - Min 2:1.

**Home students:** Minimum BSc degree in Mathematics or Mathematics related subject or General BSc with Mathematics as a substantial subject. Grade: Min 2:1.

### International students:

## Employability

### Career opportunities

This programme is designed to equip graduates with the mathematical skills required for subsequent study of the various MSc programmes organised by the School of Mathematics or by another School with a contribution from the School of Mathematics.

Each of these MSc programmes will open up a range of careers opportunities for successful graduates; see the individual programme sites for further details.

### University Careers Network

Preparation for your career should be one of the first things you think about as you start university. Whether you have a clear idea of where your future aspirations lie or want to consider the broad range of opportunities available once you have a Birmingham degree, our Careers Network can help you achieve your goal.

Our unique careers guidance service is tailored to your academic subject area, offering a specialised team (in each of the five academic colleges) who can give you expert advice. Our team source exclusive work experience opportunities to help you stand out amongst the competition, with mentoring, global internships and placements available to you. Once you have a career in your sights, one-to-one support with CVs and job applications will help give you the edge.

If you make the most of the [wide range of services \(https://intranet.birmingham.ac.uk/as/employability/careers/college/eps/index.aspx\)](https://intranet.birmingham.ac.uk/as/employability/careers/college/eps/index.aspx) you will be able to develop your career from the moment you arrive.

### Destinations of Leavers from Higher Education (DLHE) 2011/12

The DLHE survey is conducted 6 months after graduation.

- Aon Hewitt
- Barnett Waddingham
- Capita
- Deloitte
- Deutsche Bank
- Ernst & Young
- Mercer
- PricewaterhouseCoopers
- Softcat
- Tudor Grange Academy School

**Examples of occupations**

- Actuarial Trainee
- Actuarial Consultant
- Actuary
- Analyst
- Associate Auditor
- Consultant
- Financial Analyst
- Management Accountant
- Secondary School Teacher
- Software Tester

**Further study-examples of courses**

- ACA - Accountancy

- ACCA - Accountancy
- MSc Accounting and Finance
- MSc Actuarial Science
- MSc Computing Systems
- MSc Finance and Investment
- MSc Operational Research
- MSc Statistics
- PGCE Mathematics
- PhD Applied Mathematics
