

## Health Protection 2

### Health Protection 2

The primary aim of this module is to develop advanced and critical understanding of the nature of communicable diseases and non-communicable environmental hazards, and enable you to develop strategies for appropriate interventions.

### Learning outcomes

By the end of this module you should be able to:

1. Demonstrate the need to consider control measures in a broader socio-political context.
2. Demonstrate a critical understanding of the impact of the wider determinants of health on the distribution and course of communicable diseases and non-communicable hazards.
3. Apply the principles of risk analysis to health in relation to long-term exposure to non-infectious environmental hazards.
4. Demonstrate an understanding of the law relating to health protection.

### Credits

10 credits

### Module Attendance Required

1 block week

Students must have previously attended the Health Protection 1 module or its equivalent.

### Module Dates

2014-15: 16th to 20th March 2015

### Assessment

One unseen examination taking place in May 2015

### Module Coordinator

Prof Harsh Duggal

### Stand Alone Course

This module can be taken as a standalone course. It can be assessed or non assessed. To apply, please contact the Programme Coordinator on 0121 414 7577 or at [mph@contacts.bham.ac.uk](mailto:mph@contacts.bham.ac.uk) (<mailto:mph@contacts.bham.ac.uk>). All applications must be received a minimum of one month before the start date of the module. For further information on fees or entry requirements, please contact the Programme Administrator
