

Childcare facilities and nurseries

While you're busy studying or attending lectures, our in-house nursery facilities are a friendly and secure environment for your child. They'll love all our fun activities based on educational play, and you can relax knowing your child's in safe hands.

There are two day nurseries close to the heart of the University campus, both of which offer an extremely high standard of care from professionally qualified staff. They're open five days a week for 51 weeks of the year to fit around your academic life
