Higher Education is at the heart of the success of Brazil as a global superpower. Professor Sidki will discuss the opportunities and challenges of a rapidly developing economy and seven million higher education students in Brazil's public and private universities. Professor Sidki is one of the most prominent Brazilian algebraists, founder of the biannual [Escola de Algebra](http://www.algebra.unb.br/) and a Member of the [Brazilian Academy of Sciences](http://www.abc.org.br/rubrique.php3?id_rubrique=2&recalcul=oui).

There will be opportunities for questions and a networking reception.

The event is free but **booking is essential.** (<https://www.eventbrite.co.uk/e/higher-education-in-brazil-evolution-and-challenge-tickets-10600485337>)
