

Research activity

Here is a list of all the research activity pages:

Generic List

[A \(/research/activity/psychology/clinical/projects/asc-ld/index.aspx?AZListing_AtoZLetter=a&AZListing_List_GoToPage=2&stylemediatype=print\)](#) [2 \(/research/activity/index.aspx?AZListing_AtoZLetter=a&AZListing_List_GoToPage=3&stylemediatype=print\)](#) [3 \(/research/activity/index.aspx?AZListing_AtoZLetter=a&AZListing_List_GoToPage=2&stylemediatype=print\)](#)

[A Collaborative Environment for Assisted 3D Reconstruction of Cuneiform Tablets \(/research/activity/cuneiform/index.aspx\)](#)

The aim of this project has been to improve the worldwide collaborative workflow that allows cuneiform experts and enthusiasts to work on the reconstruction of 3D cuneiform tablets via an interactive 3D interface. The project involves the cataloguing of 3D cuneiform tablets in a structure that allows efficient network transmissions and algorithms for automatic/assisted reconstructions. The project contributes toward the recovery of more than three millennia of written history in one of the most important regions of the ancient world. The results can also be extended to a range of different fields that require collaborative effort.

[A Social Norms Approach to Encourage Healthier Eating \(/research/activity/psychology/healthier-eating/index.aspx\)](#)

Research project page for A Social Norms Approach to Encourage Healthier Eating.

[Academic Clinical Cardiovascular Medicine at City Hospital \(/research/activity/mds/domains/cardio-resp-neuro/clinical-integrated-cardiovascular-science/acc-city-hospital/index.aspx\)](#)

Information on the Centre for Cardiovascular Sciences at City Hospital Group, led by Professor Gregory Lip, Section of Cardiovascular Sciences, School of Clinical and Experimental Medicine, College of Medical and Dental Sciences

[Accessing Social Care – Learning Disabilities \(ASC-LD\) \(/research/activity/psychology/clinical/projects/asc-ld/index.aspx\)](#)

The Accessing Social Care – Learning Disabilities team (University of Birmingham) are running a research study, to ask adults with learning disabilities from Black and minority ethnic communities about their views of social care services. The study has been funded by the National Institute for Health Research's School of Social Care Research. The team will be looking for people to take part in our project until Spring 2013.

[Accuracy of Bladder Ultrasound Study \(BUS\) trial \(/research/activity/mds/trials/bctu/trials/womens/BUS/index.aspx\)](#)

Accuracy of Bladder Ultrasound Study (BUS) trial in Birmingham Clinical Trials Unit

[Acute Myeloid Leukaemia and High Risk Myelodysplastic Syndrome trial 16 \(AML16\) \(/research/activity/mds/trials/bctu/trials/portfolio-v/aml16/index.aspx\)](#)

Acute Myeloid Leukaemia and High Risk Myelodysplastic Syndrome trial 16 (AML16) in Birmingham Clinical Trials Unit

[AD2000 Trial - A reliable assessment of the efficacy and safety of donepezil and aspirin in Alzheimer's Disease \(/research/activity/mds/trials/bctu/completed-trial-research/adhoc/ad2000/index.aspx\)](#)

AD2000 Trial - A reliable assessment of the efficacy and safety of donepezil and aspirin in Alzheimer's Disease.

[Adenovirus group \(/research/activity/mds/domains/Cancer/viral-oncology/adenovirus-group/index.aspx\)](#)

Research page for the adenovirus group, run by Roger Grand and Andy Turnell, School of cancer Sciences, College of medical and Dental Sciences, Univesaity of Birmingham.

[Adrenal Steroids, Metabolism, and Action Research Group \(/research/activity/mds/domains/hormones-metabolism-reproduction/steroid-action-human-disease/adrenal-steroids-metabolism-and-action/index.aspx\)](#)

Information on the Adrenal Steroids, Metabolism, and Action Research Group, Section of Endocrinology, Diabetes and Metabolism, School of Clinical and Experimental Medicine, College of Medical and Dental Sciences

[Advanced Manufacturing Technology Centre - Mechanical Engineering research \(/research/activity/mechanical-engineering/advanced-manufacturing/index.aspx\)](#)

The Advanced Manufacturing Technology Centre brings together key research groups and individuals within the University of Birmingham's School of Mechanical Engineering. It includes: Advanced Machining, Automation and Intelligent Manufacturing, Laser processing, Micro Manufacturing and Computer Aided Engineering.
