

## Research activity

Here is a list of all the research activity pages:

### Generic List

[A \(/research/activity/mds/domains/hormones-metabolism-reproduction/obesity-insulin-diabetes/index.aspx?&style=grid\) \(/research/activity/mds/domains/hormones-metabolism-reproduction/obesity-insulin-diabetes/index.aspx\)](#)

#### **[Obesity, Insulin Resistance and Diabetes \(/research/activity/mds/domains/hormones-metabolism-reproduction/obesity-insulin-diabetes/index.aspx\)](#)**

Information on the Diabetes, Obesity and Metabolism Research Theme, led by Professor Wiebke Arlt, Section of Endocrinology, Diabetes and Metabolism, School of Clinical and Experimental Medicine, College of Medical and Dental Sciences

#### **[Occupational and Environmental Medicine \(/research/activity/mds/domains/health-pop/population-health-research-epidemiology/occupational-environmental-health/index.aspx\)](#)**

This group exists within the Institute of Occupational and Environmental Medicine. The Institute develops and conducts research in occupational and environmental medicine, epidemiology, ergonomics, toxicology, hygiene, and other related disciplines. The work focuses on the effects of work on health, of health on work and identification and quantification of environmental factors on health. This group has research interests in the following areas: Environment and health Interventional occupational health Lung disease and occupation Nanoparticles and health Occupational cancer and chronic disease epidemiology Occupational radiofrequency radiation

#### **[Ocular Injury Research Group \(/research/activity/mds/domains/cardio-resp-neuro/neurotrauma/ocular-injury/index.aspx\)](#)**

Information on the Ocular Injury Research Group, lead by Dr Zubair Ahmed, Section of Neurotrauma and Neurodegeneration, School of Clinical and Experimental Medicine, The University of Birmingham

#### **[Online Resources - Centre for Early Modern and Reformation Studies \(/research/activity/crems/resources/index.aspx\)](#)**

#### **[OPT trial: A Randomized Controlled Trial of Outpatient Polyp Treatment for Abnormal Uterine Bleeding \(/research/activity/mds/trials/bctu/trials/womens/opt/index.aspx\)](#)**

OPT trial: A Randomized Controlled Trial of Outpatient Polyp Treatment for Abnormal Uterine Bleeding.

#### **[Oxygenases and Cancer \(/research/activity/mds/domains/Cancer/cancer-cell-biology-epigenetics/oxygenases-cancer/index.aspx\)](#)**

The research page for the Oxygenases and Cancer group, led by Dr Mathew Coleman, School of Cancer Sciences, University of Birmingham.
