[The Birmingham Institute of Forest Research \(BIFoR\) \(/research/activity/bifor/index.aspx\)](/research/activity/bifor/index.aspx)

[The Centre for Childhood Cancer Survivor Studies \(/research/activity/mds/projects/HaPS/PHEB/CCCSS/index.aspx\)](/research/activity/mds/projects/HaPS/PHEB/CCCSS/index.aspx)

The Centre for Childhood Cancer Survivor was established in 1998 by the current Director, Professor Mike Hawkins, with quinquennial Programme Grant funding from Cancer Research UK and the Kay Kendall Leukaemia Fund to carry out the British Childhood Cancer Survivor Study.

[The Centre for Formulation Engineering \(/research/activity/chemical-engineering/index.aspx\)](/research/activity/chemical-engineering/index.aspx)

The Centre's mission is to carry out research of the highest academic quality, which is novel, challenging and relevant to users. Particular strengths are in design and characterisation of microstructured products, and in heat and mass transfer, fluid flow, particle technology and materials engineering across chemical, biological and physical systems. We collaborate with world-class industry, and with leading edge engineering and science departments nationally and internationally.

[The European Association for the History of Medicine and Health \(EAHMH\) \(/research/activity/mds/centres/eahmh/index.aspx\)](/research/activity/mds/centres/eahmh/index.aspx)

The European Association for the History of Medicine and Health (EAHMH) aims to foster research and the international exchange of views on all issues concerning health and medicine in Europe and their connections with the extra-European world.

[The Health Improvement Network \(THIN\) database \(/research/activity/mds/projects/HaPS/PCCS/THIN/index.aspx\)](/research/activity/mds/projects/HaPS/PCCS/THIN/index.aspx)

The Health Improvement Network (THIN) database is a large UK general practice database which contains anonymised longitudinal patient records from over 500 practices (about 6% of the population). We have an up-to-date copy of this database in PCCS/MDS which we use to answer research questions on epidemiology, clinical practice and health care utilisation. You are welcome to contact us if you are interested in collaborating on a research study using THIN.

[The Hymn Trial \(/research/activity/mds/trials/crctu/trials/hymn/index.aspx\)](/research/activity/mds/trials/crctu/trials/hymn/index.aspx)

Index page for the HYMN trials website, with basic information and links to a synopsis and feasibility questionnaire.

[The Institute of Advanced Studies \(IAS\) \(/research/activity/ias/index.aspx\)](/research/activity/ias/index.aspx)

The Institute of Advanced Studies (IAS) aims to promote interdisciplinary research by combining expertise from across the breadth of the University to address major cross-cutting themes that are important, relevant and timely.
