

Research activity

Here is a list of all the research activity pages:

Generic List

[A \(/research/activity/translation/translation/index.aspx?AZListing_List_GoToPage=1&stylemediatype=print\)](#) ... [4 \(/research/activity/index.aspx?AZListing_List_GoToPage=4&stylemediatype=print\)](#) ... [5 \(/research/activity/index.aspx?AZListing_List_GoToPage=5&stylemediatype=print\)](#) ... **6** ... [7 \(/research/activity/index.aspx?AZListing_List_GoToPage=7&stylemediatype=print\)](#) ... [8 \(/research/activity/index.aspx?AZListing_List_GoToPage=8&stylemediatype=print\)](#) ... [Next \(/research/activity/index.aspx?AZListing_List_GoToPage=7&stylemediatype=print\)](#)

[Birmingham Centre for Railway Research and Education \(/research/activity/railway/index.aspx\)](/research/activity/railway/index.aspx)

The Birmingham Centre for Railway Research and Education brings together a multidisciplinary team from across the University to tackle fundamental railway engineering problems. The team actively engage with industry, other universities through Rail Research UK-A, and international partners. The centre also delivers the MSc postgraduate programme in Railway Systems Engineering and Integration.

[Birmingham Centre for Translation \(/research/activity/bct/index.aspx\)](/research/activity/bct/index.aspx)

Information about research and study carried out by the Birmingham Centre for Translation.

[Birmingham Clinical Trials Unit \(BCTU\) \(/research/activity/mds/trials/bctu/index.aspx\)](/research/activity/mds/trials/bctu/index.aspx)

The University of Birmingham Clinical Trials Unit (BCTU) is a Research Unit within the School of Medicine specialising in the design, conduct and analysis of clinical trials. The BCTU provides the scientific, technical and computing expertise needed to support clinical trial research from conception through to completion.

[Birmingham Eastside: sustainable urban redevelopment \(/research/activity/civil-engineering/eastside/index.aspx\)](/research/activity/civil-engineering/eastside/index.aspx)

Feasibility study - adopting Birmingham Eastside as a regional demonstrator of sustainable urban redevelopment.

[Birmingham Energy Institute \(BEI\) \(/research/activity/energy/index.aspx\)](/research/activity/energy/index.aspx)

Birmingham Energy Institute at the University of Birmingham.

[Birmingham Lung Improvement Studies \(BLISS\) \(/research/activity/mds/projects/HaPS/PHEB/BLISS/index.aspx\)](/research/activity/mds/projects/HaPS/PHEB/BLISS/index.aspx)

Chronic obstructive pulmonary disease (COPD) is a group of lung diseases which includes chronic bronchitis, emphysema and chronic obstructive airways disease. People with COPD may have a combination of these or other airways diseases. The Birmingham Lung Improvement Studies (BLISS) programme is a series of connected research studies about Chronic Obstructive Pulmonary Disease (COPD) funded by a five-year programme grant from the National Institute for Health Research.

[Birmingham Platelet Research Group \(/research/activity/mds/domains/cardio-resp-neuro/vascular-inflammation/platelet-group/index.aspx\)](/research/activity/mds/domains/cardio-resp-neuro/vascular-inflammation/platelet-group/index.aspx)

Information on the Birmingham Platelet Group, Cardiovascular Sciences, School of Clinical and Experimental Medicine, College of Medical and Dental Sciences, The University of Birmingham

[Birmingham Rheumatology Research Patient Partnership \(R2P2\) \(/research/activity/mds/projects/ii/R2P2/index.aspx\)](/research/activity/mds/projects/ii/R2P2/index.aspx)

We believe that patients should have a say in research that is potentially for their benefit. The Birmingham Rheumatology Research Patient Partnership (R2P2) is a group of patients who support research studies at the University of Birmingham, Sandwell and West Birmingham Hospitals NHS Trust and University Hospitals Birmingham NHS Foundation Trust.

[Birmingham Surgical Trials Consortium \(BiSTC\) \(/research/activity/mds/trials/BiSTC/index.aspx\)](/research/activity/mds/trials/BiSTC/index.aspx)

Birmingham Surgical Trials Consortium aims to improve surgical patient outcomes by delivering superior surgical clinical trials.

[Birmingham University Stem Cell Centre \(/research/activity/mds/centres/stemcells/index.aspx\)](/research/activity/mds/centres/stemcells/index.aspx)

In the last decade the discipline of stem cell science has expanded at a phenomenal rate and has captivated the attention not only of the research community but also the general population. This excitement has arisen because a variety of distinct stem cells offer the very real prospect of novel or improved therapies across many areas of medicine.
