## Papyrus transcriptions made available through Institutional Repository

Following the [release of the \*Vetus Latina Iohannes transcriptions\* \(research/activity/itsee/news/2011/xml-transcriptions.aspx\)](#), the International Greek New Testament Project ([www.igntp.org](http://www.igntp.org) (<http://www.igntp.org/>)) has made available its transcriptions of papyri which contain the Gospel according to John on the [University of Birmingham Institutional Research Archive](#) (<http://ubira.bham.ac.uk/>).

The following twenty-seven witnesses are available from the repository as raw XML or can be viewed as they appear in the prototype IGNTp transcripts website:
