

## Research in the Centre

The MRC Centre for Immune Regulation covers a wide portfolio of research interests, the main themes of which are outlined below.

### Mechanisms in lymphocyte development and selection

**[Professor Eric Jenkinson](/staff/profiles/iandi/jenkinson-eric.aspx)** - Professor of Experimental Immunology

**[Professor Graham Anderson](/staff/profiles/iandi/anderson-graham.aspx)** - Professor of T-Lymphocyte Biology

**[Professor Jon Frampton](/staff/profiles/iandi/frampton-jon.aspx)** - Professor of Stem Cell Biology

**[Dr Jorge Caamano](/staff/profiles/iandi/caamano-jorge.aspx)** - Senior Lecturer

**[Dr William Jenkinson](/staff/profiles/iandi/jenkinson-william.aspx)** - Lecturer

### Induction and regulation of immunity in secondary lymphoid tissues

**[Professor Peter Lane](/staff/profiles/iandi/lane-peter.aspx)** - Professor of Immunology

Professor Ian MacLennan - Emeritus Professor of Immunology

**[Dr Lucy Walker](/staff/profiles/iandi/walker-lucy.aspx)** - MRC Career Development Fellow and Reader In T-Reg Biology

**[Professor David Sansom](/staff/profiles/iandi/sansom-david.aspx)** - Professor of Immune Cell Biology

**[Professor Adam Cunningham](/staff/profiles/iandi/cunningham-adam.aspx)** - RCUK Roberts Fellow

Professor Calman MacLennan - Honorary Professor / Honorary Consultant Immunologist

**[Dr Kai Toellner](/staff/profiles/iandi/toellner-kai.aspx)** - Senior Research Fellow

**[Professor Peter Cockerill](/staff/profiles/iandi/cockerill-peter.aspx)** - Chair of Cytokine Gene Regulation

### Mechanisms in chronic inflammation

**[Professor Chris Buckley](/staff/profiles/iandi/buckley-christopher.aspx)** - ARC Professor of Rheumatology

Professor Gerard Nash - Professor of Cardiovascular Rheology

**[Dr Karim Raza](/staff/profiles/iandi/raza-karim.aspx)** - Reader in Clinical Rheumatology and Honorary Consultant

**[Dr Andrew Filer](/staff/profiles/iandi/filer-andrew.aspx)** - Senior Lecturer and Honorary Consultant Rheumatologist

**[Dr Dagmar Scheel Toellner](/staff/profiles/iandi/scheeltoellner-dagmar.aspx)** - Senior Research Fellow

**[Dr G Ed Rainger](/staff/profiles/cem/CVRS/Rainger-Ed.aspx)** - BHF Basic Sciences Lecturer

**[Professor Steve Watson](/staff/profiles/cem/CVRS/Watson-Steve.aspx)** - BHF Professor in Cardiovascular Sciences and Cellular Pharmacology

### Cellular immunity to viral infection and tumours

**[Professor Paul Moss](/staff/profiles/cancer/moss-paul.aspx)** - Professor of Haematology

**[Professor Alan Rickinson](/staff/profiles/cancer/rickinson-alan.aspx)** - Professor of Cancer Studies

**[Professor Martin Rowe](/staff/profiles/cancer/rowe-martin.aspx)** - Professor of Tumour Virology

**[Professor Jane McKeating](/staff/profiles/iandi/mckeating-jane.aspx)** - Professor of Molecular Virology

**[Dr Andrew Hislop](/staff/profiles/cancer/hislop-andrew.aspx)** - Research Fellow

**[Graham Taylor](/staff/profiles/cancer/taylor-graham.aspx)** - Lecturer in Tumour Immunology

**[Dr Ben Willcox](/staff/profiles/cancer/willcox-benjamin.aspx)** - Reader in Molecular Immunology

Dr Mark Cobbold - Clinical Lecturer

### Cellular and molecular models of chemokine activity

**[Professor Antal Rot](/staff/profiles/iandi/rot-antal.aspx)** - Professor of Immunology

### Impact of ageing on the immune response and immune mediated disease

**[Professor Janet Lord](/staff/profiles/iandi/lord-janet.aspx)** - Professor of Molecular Immunology

### Translational Development
