

## Meet the Team

The BUS study office is based at Birmingham Clinical Trials Unit at the University of Birmingham, with the principal research site being just across the road at Birmingham Women's Hospital.

The BUS team is made up of various independent and collaborating clinicians, researchers and administrators from across the UK and beyond, however the core team in Birmingham is made up of the following members:

Dr Pallvi Latthe  
Chief Investigator

Ms Jane Daniels  
BCTU Women's Health Lead

Dr Victoria Brookes  
Trial Co-ordinator

Dr Suneetha Racheni: Clinical Research Fellow

Ms Shanteela McCooty: Research Nurse
