

New Business and Services

"Designing a trial is science, running a trial is business"

The CRCTU collaborates with a large number of Investigators both at a national and international level. We welcome enquires from investigators wishing to work with the CRCTU.

Services...

[Open all sections](#)

The CRCTU's principal function is to provide specialist input into all stages of academic clinical trial development from design to publication. However the following stand alone services are also available:

- Clinical centre management
- Consultancy
- Programming
- Randomisation
- Statistical advice
- Trial management

New Business...

Investigators wishing to collaborate with the CRCTU are asked to contact the New Business Coordinator via email in the first instance:

Email: crctu-generalenquiries@trials.bham.ac.uk (<mailto:crctu-generalenquiries@trials.bham.ac.uk>)

Tel:

0121 414 3604

A New Business Form will need to be completed for all new proposals.

Investigators will be asked to present their proposal to the CRCTU New Business Committee before any work on the project commences.
