

## Railway Network Management Group

Under the leadership of [Dr Andrew Tobias \(/staff/profiles/mechanical/tobias-andrew.aspx\)](/staff/profiles/mechanical/tobias-andrew.aspx) and as part of the [Birmingham Centre for Railway Research and Education \(/research/activity/railway/index.aspx\)](/research/activity/railway/index.aspx), the Group concerns itself with:

- Strategic management, planning and operation of railway networks;
- Long-term trends in railway freight and passenger traffic.

Current research students include:

- Mohammad Naghashian: Strategic Planning of Railway Network Investment
